## Additional Domestic Abuse talks, sessions and info

Awareness information sessions and talks about domestic abuse and services in our local area can be given to agencies, social & community groups & staff teams.

We can deliver courses in your communities; we have many different types of literature to help raise awareness - inc. safety planning books, leaflets, posters, stickers, etc.

If you would like to join our mailing list and receive local and national domestic abuse info, training, jobs etc., please visit our website and click on the link to join.

We also help deliver safeguarding training in partnership with NEL Local Safeguarding Children's Board. Any workers whose job role includes working with children & families can book on the training.
